Due to active, documented mail diversion and ongoing civil rights litigation the Requestor explicitly directs this agency NOT to send any responsive records, notices, or invoices through the United States Postal Service (USPS). Pursuant to RSMo 610.023.3, Requestor demands that all compiled digital media and electronic records be placed onto a secure physical drive or disc and held for direct, in-

person pick-up by the Requestor at the agency's administrative headquarters. The agency is requested to notify the Requestor exclusively via email when the files are ready for physical collection.
